

A Touchstone Energy® Cooperative 

ELIGIBILITY CRITERIA

- ❖ Home or farm being improved must be on cooperative's lines.
- ❖ Rebates are in place through December 31, 2017. Funds are limited so members are encouraged to submit as soon as possible.
- ❖ Rebate not to exceed 50% of the cost of energy efficiency improvements up to \$500. Cost can include material and professional labor. The cost of the audit cannot be included.
- ❖ Energy Efficiency improvements must be recommendations from an audit arranged by your cooperative or a cooperative approved partner.
- ❖ The audit must be a comprehensive audit including a written report.
- ❖ The audit report must indicate the improvement will result in electrical or delivered fossil fuels (LP, oil) reduction or efficiency.
- ❖ If another rebate is available, the audit recommended improvement will qualify for only that rebate. For example, if an auditor recommends purchasing an Energy Star refrigerator, the refrigerator will qualify for our Appliance rebate, not the Audit Recommended Improvements rebate.
- ❖ Improvements must be completed within 24 months of the audit date.
- ❖ If member has multiple audits performed in a calendar year, only improvements from one of the audits will qualify for this rebate.
- ❖ Each audit qualifies for only one rebate (additional improvements completed in a later year do not qualify for another rebate).
- ❖ Additional eligibility criteria may apply. Contact cooperative for details.
- ❖ All documentation listed below must be submitted no later than 3 months after improvements are completed.
 - This Rebate Form
 - A copy of your receipt or invoice for each improvement
 - Copy of the audit documentation
 - Documentation showing improvements have been completed

Submit required documentation to: : Bayfield Electric Cooperative PO Box 68 Iron River, WI 54847
